

# MEMORY DELLE VITAMINE

## Le regole del gioco

Queste carte Memory sono pensate per far conoscere ai bambini giocando l'importanza di una dieta ricca di frutta e verdure. Per giocare a Memory servono due mazzi di carte identiche, in modo che ogni carta abbia la sua corrispondente.

### PER OTTENERE I DUE MAZZI:

1. Scegliere una carta un po' più spessa su cui stampare le schede

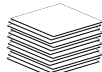

3. Ritagliare le carte con cura

5. Giocare, girando a turno 2 carte alla volta e combinando le coppie

2. Stampare in doppia copia le schede con le 24 carte disegnate

24  +24 

4. Mescolare i mazzi

6. Vince chi avrà collezionato il numero maggiore di coppie
